SUPERMSORY PATENT EXAMINER

U.S. Patent and Trademark Office PTOL-413 (Rev. 04-03) Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Hilsenteger indicated that the previous attorney failed to adequately address the 112 rejection made by examiner on 12/14/2004, and that he would amend the pending claims to affirmativey recite that the metallic layer was formed on the chip's back surface without any intervening material. Examiner agreed that the amendment would better define his invention, but that the amendment would not be entered since it would be after final, and a new search would have to be made. Hilsenteger indicated that he would recommend to his client to file an RCE.
